

Sustainable Development Goals through the lens of One Health

EC2U GLADE Joint doctoral workshop

May 26th - 28th 2025
University of Pavia

Call for Applications!

In a world on the brink of **overlapping environmental, social, and health crises**, the **United Nations' Sustainable Development Goals** (SDGs) demand an innovative and integrated response from us to be reached by 2030.

The **One Health approach**, transcending its historic focus on infectious diseases, offers such a framework by encompassing the full spectrum of global health determinants.

Join us at the **University of Pavia** for the 1st **EC2U GLADE Joint Doctoral Workshop** to expand your **expertise** in **sustainability and global health**.

Who can apply and how?

PhD students across diverse disciplines, including **environmental sciences, public health, veterinary medicine** and **social sciences**.

You can apply via [this link](#) or using the **QR code** on this flyer.

Apply here

Deadline: April 20, 2025
