

# "METaL" Seminars

The *"METaL" seminar cycle* — Mathematics & Engineering Talks And Lectures — launches under the SIAM Chapter of the University of Pavia – IMATI. The inaugural session opens a program of seminars devoted to sustained dialogue between Mathematics and Engineering.

## Guest Speakers

**Matteo Negri**

Professor at University of Pavia

**From Energy Functionals to  
cracks: bridging analysis and  
computation in phase-field  
fracture**

**Antonio Maria D'Altri**

Professor at University of Bologna

**Computational Analysis of  
Masonry and Heritage  
Structures: Recent Advances  
Across Different Scales**

**30<sup>th</sup>**

**at 14:30–15:30**

Aula Beltrami,  
Dipartimento di Matematica

Abstract

**19<sup>th</sup>**

**at 11:00–12:00**

Sala Conferenze  
IMATI-CNR
